CABLE

1978

It is with mixed emotions that I convey my farewell to the graduates in the class of 1978. Mixed because I am delighted that you have achieved the degrees for which you have worked so hard, but sad at the same time because it means your departure from Cooper Square and the halls of Cooper Union.

Yours has been a class of bright, effective and positive people who have given much to and I hope received much from The Cooper Union.

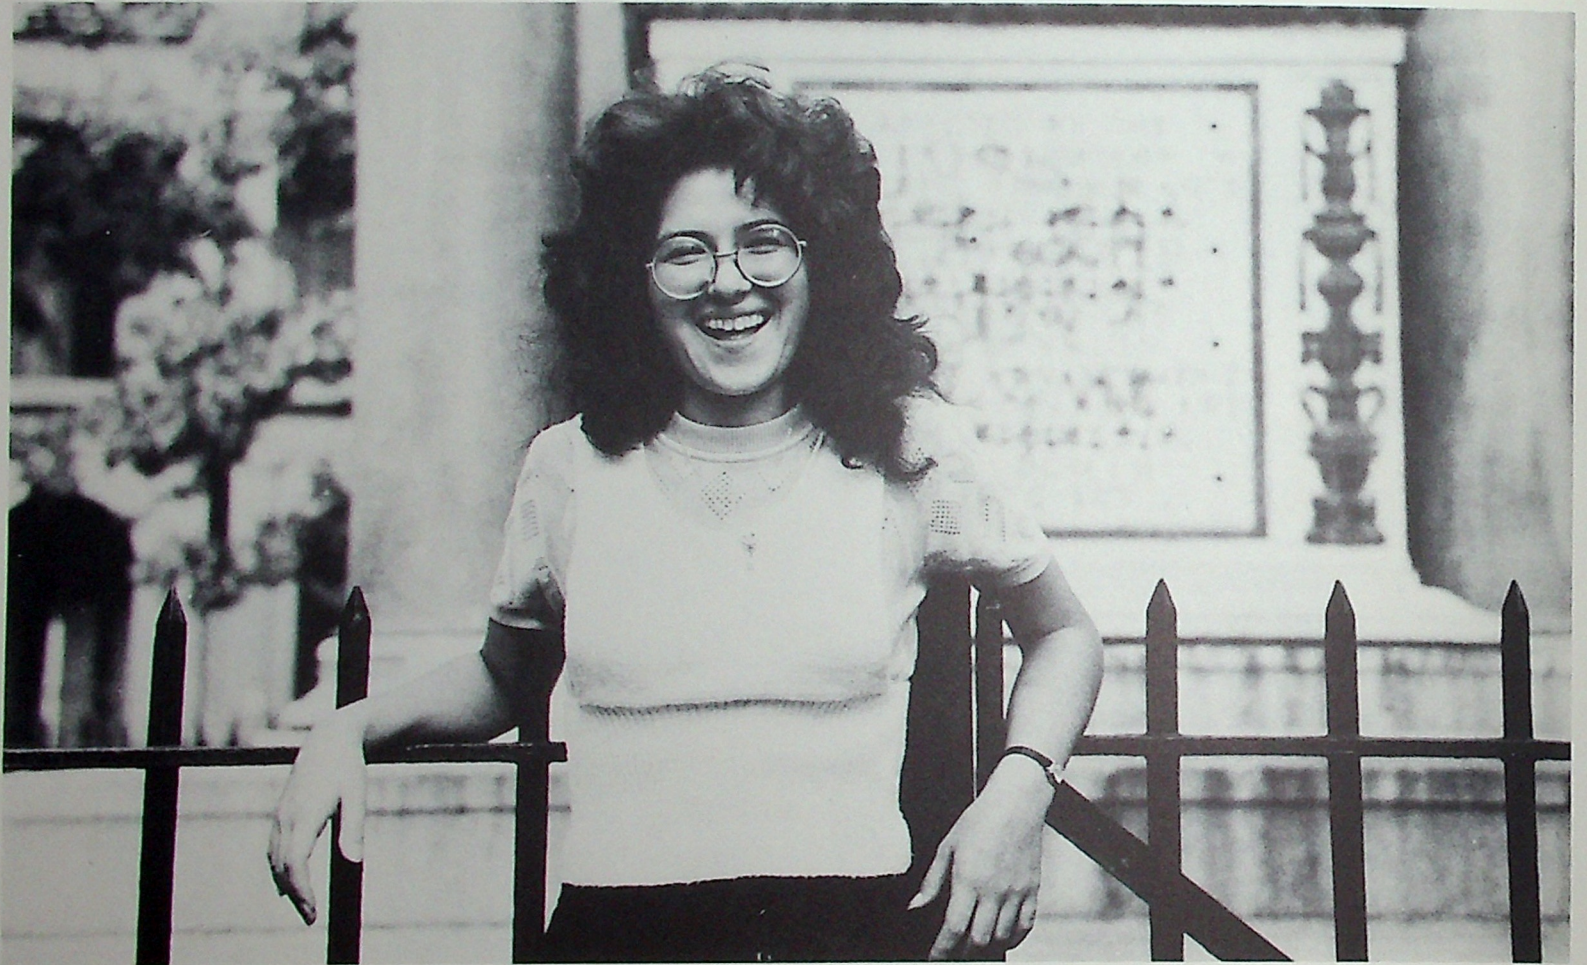

On behalf of the trustees, faculty, administration and your fellow students, I congratulate you and wish you every success and great happiness in your careers ahead as alumni of this distinguished college.
